

WELCOME TO KIDS' STREET

We are so glad you are choosing to trust us with the care of your children! Here are some details to help your family.

Allergies and Special Needs

Please notify us of ANY and ALL allergies, medical or behavioral special needs so we can best help your children. For your convenience, we provide rice crispy treats for snacks & water to drink in classrooms of toddler ages and above. **No outside food is permitted.** (Labeled bottles for babies and crawlers are allowed.)

Safety and Security

Check-In Process

In order to provide the safest environment for your children while in our care, we follow a strict check-in process.

Background Checks

All Kids' Street volunteers are carefully trained and background-checked before serving in your children's classrooms.

Relationships

We believe a consistent environment is best for preschoolers & children, so we encourage your children to attend the same hour each week. They will make friends and have the same small group leaders.

Wellness

Children who have shown signs of fever, vomiting, or other contagious illnesses or head lice should be symptom- and fever-free for 24 hours before coming to Kids' Street.
